

Recent results in implementing a Learning Management System at the NWS

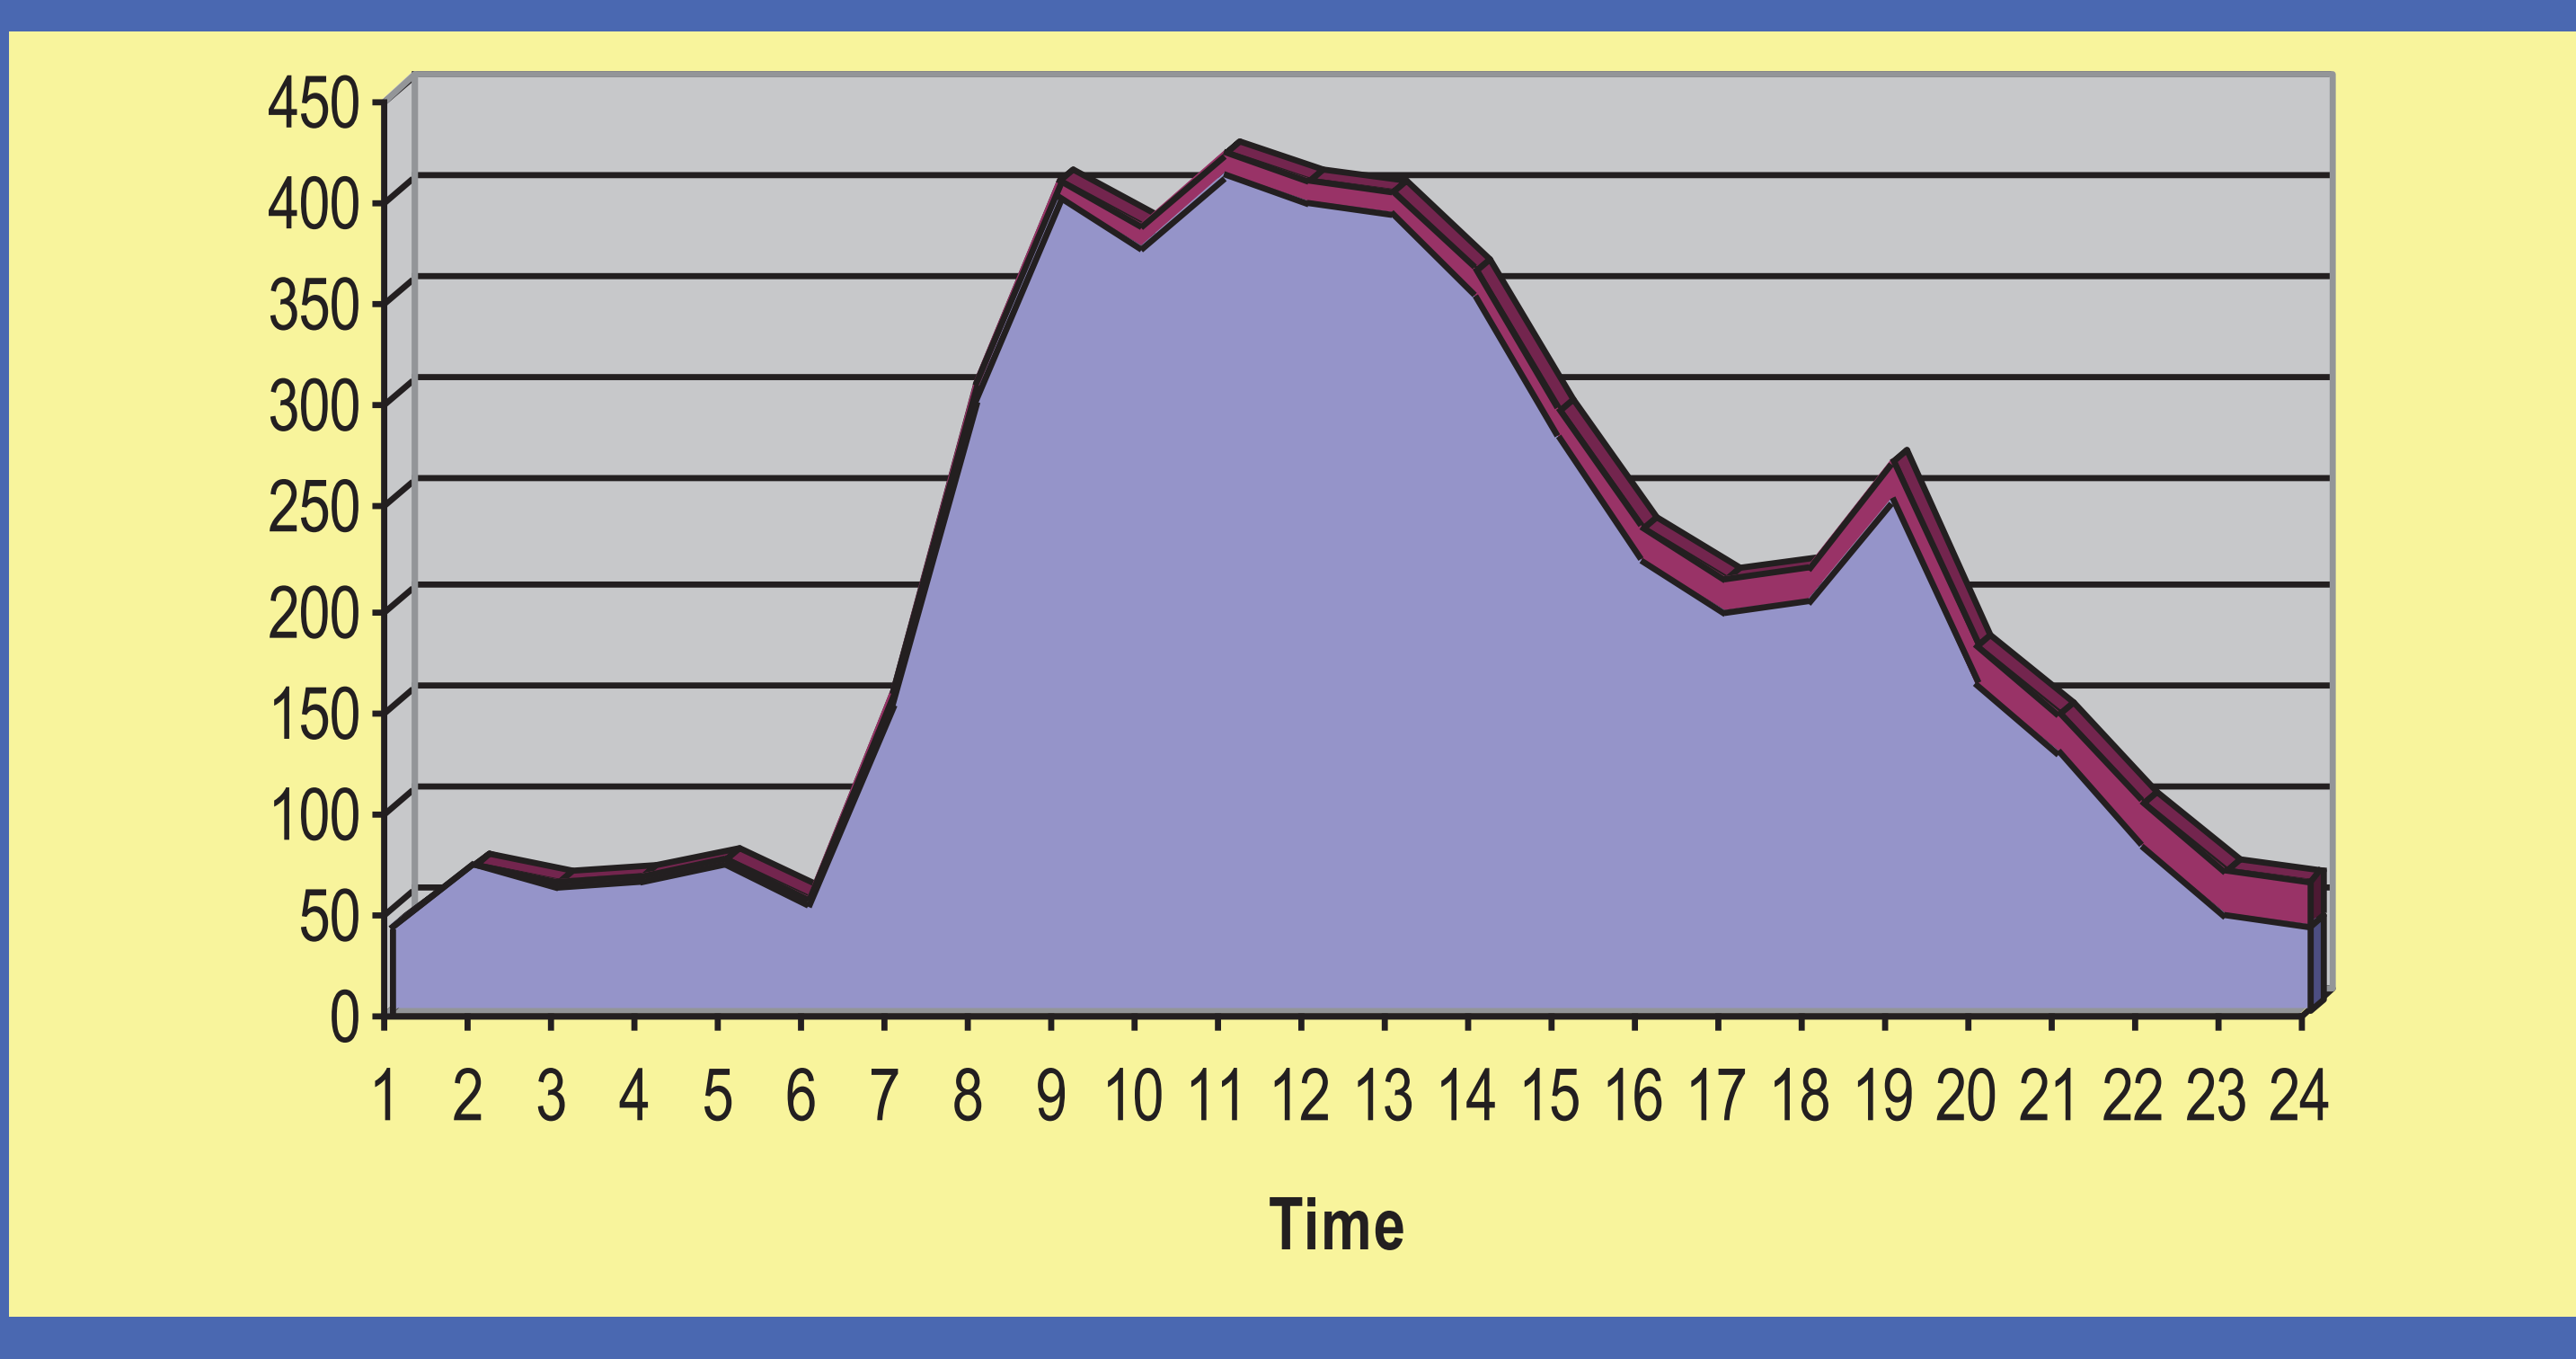

LeRoy Spayd
Acting Chief, NWS Training Division

- Introduced in June of 2007 as part of the Department of Commerce (DOC)-wide Learning Center (CLC)
- Goal is to provide accessible, low-cost training in order to develop a world-class workforce
- One-stop shopping portal for all NWS training needs which houses:
 - 400 NWS training courses
 - 2,237 Skillssoft courses
- The NWS workforce, of 4,700 employees, has completed a total of 56,400 LMS training courses in 18 months.

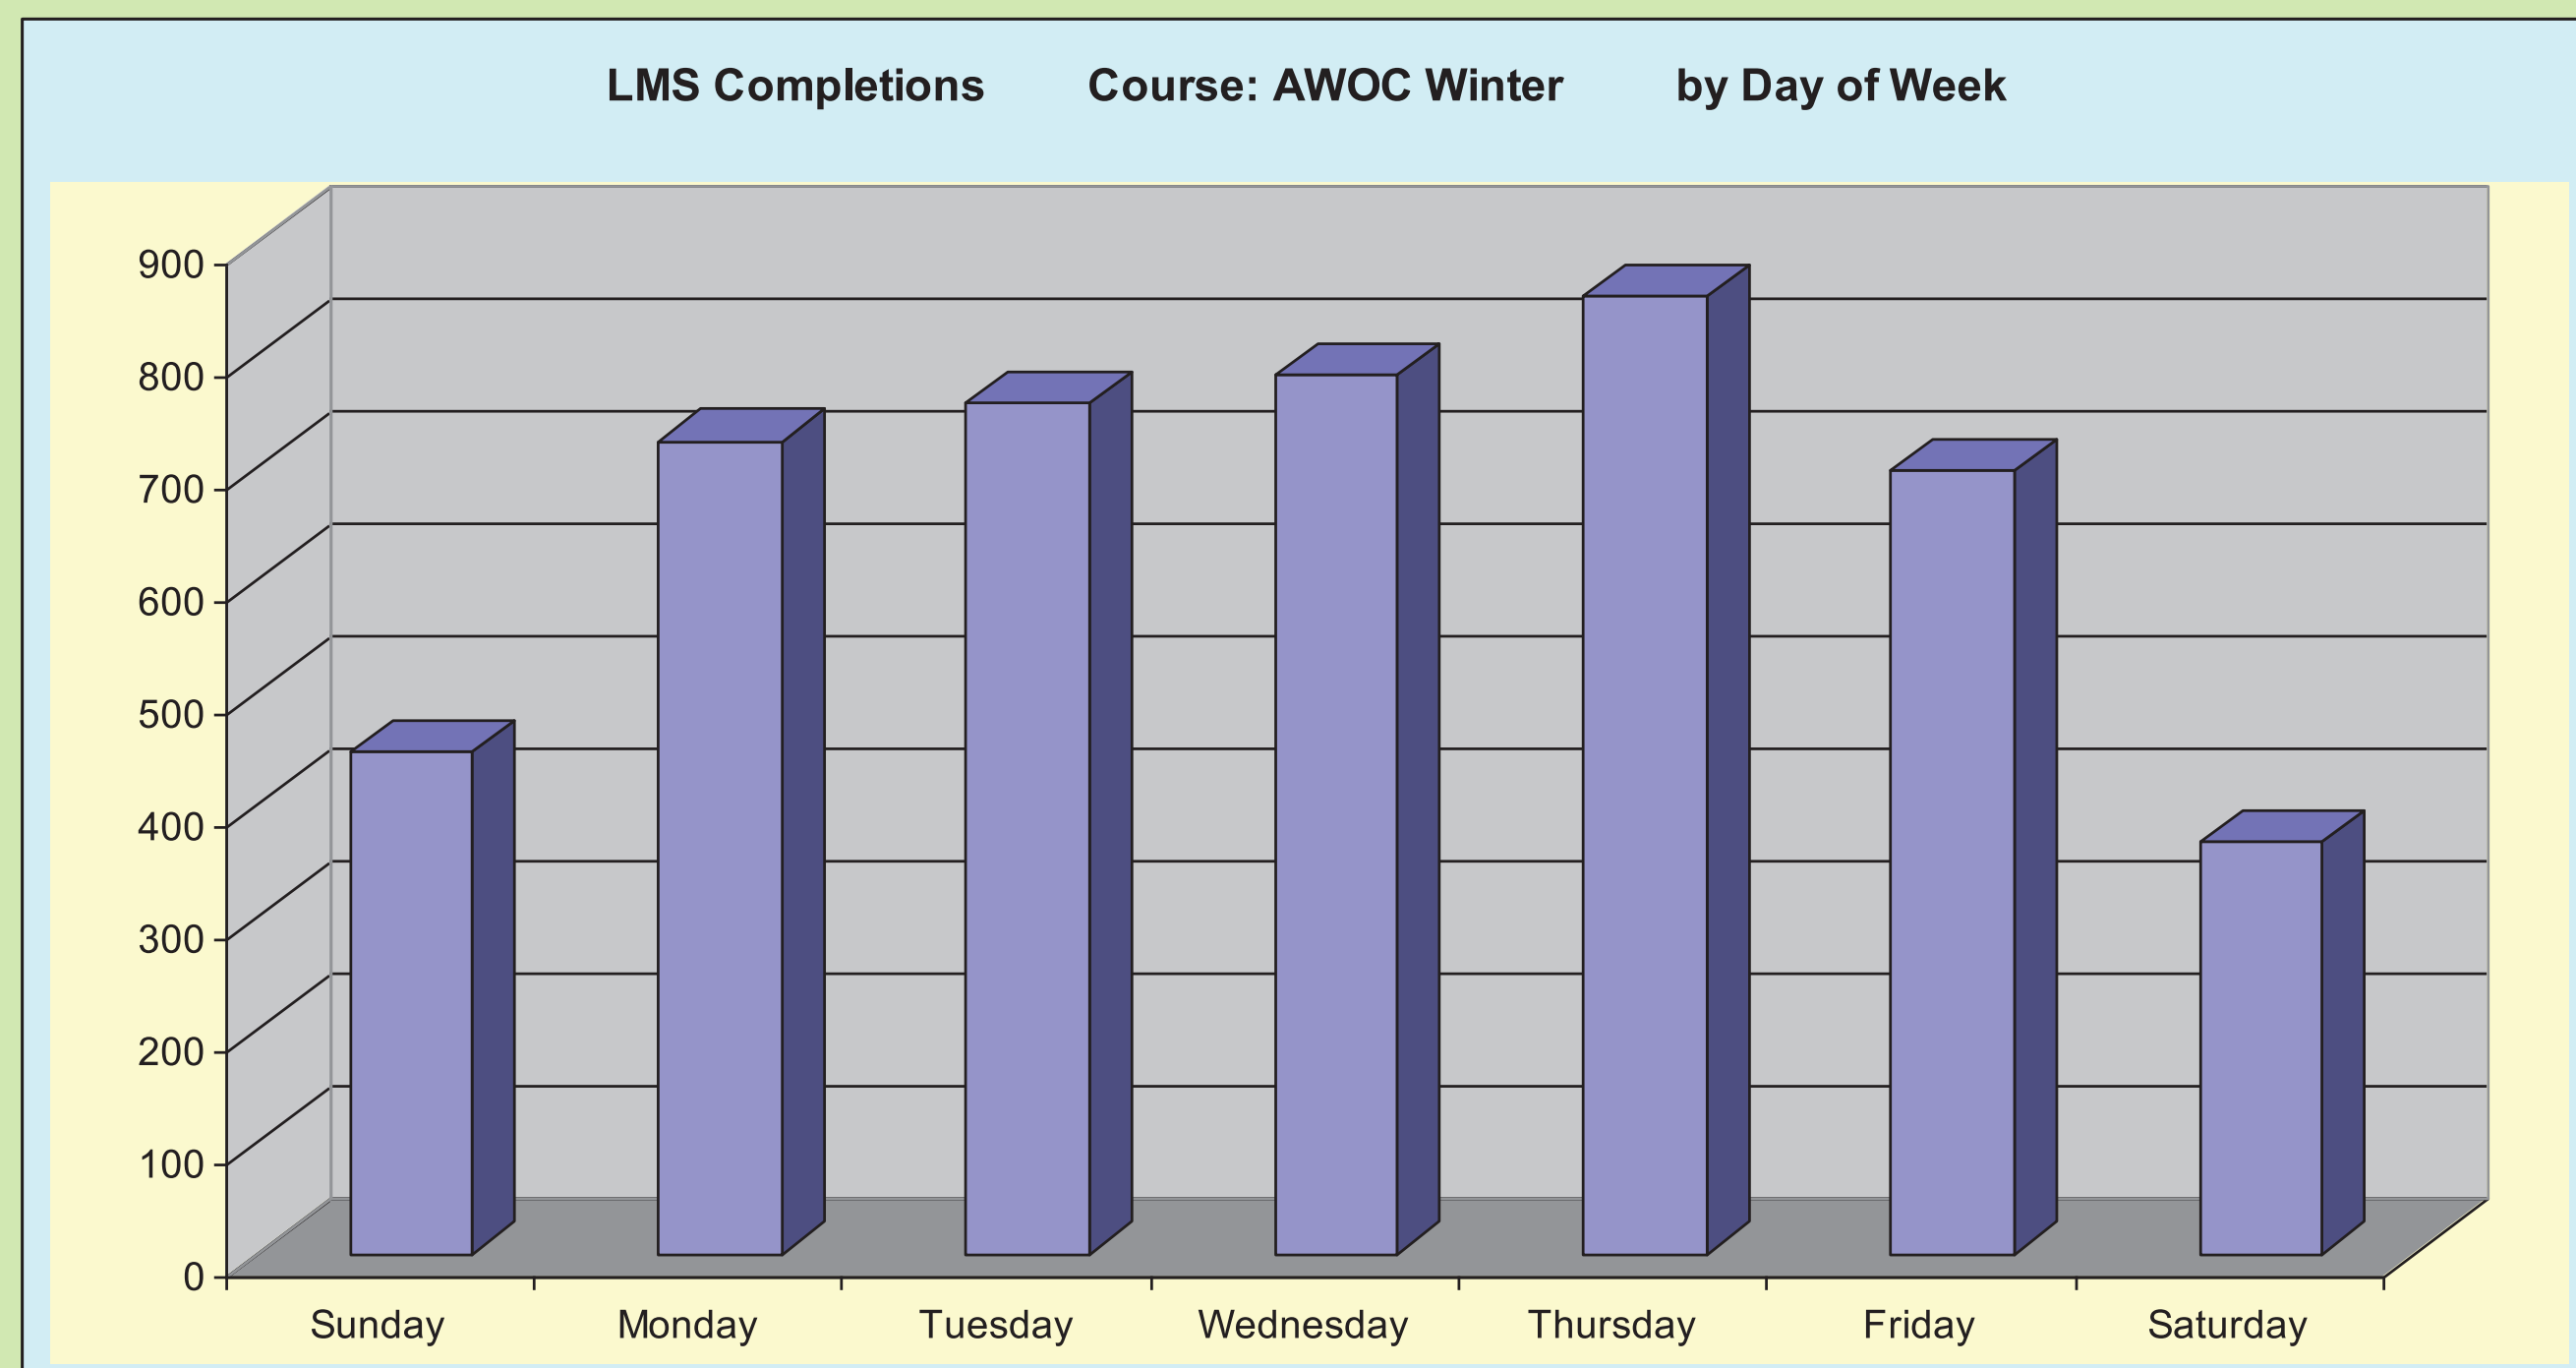

LMS Completions Course: AWOC Winter by Hour

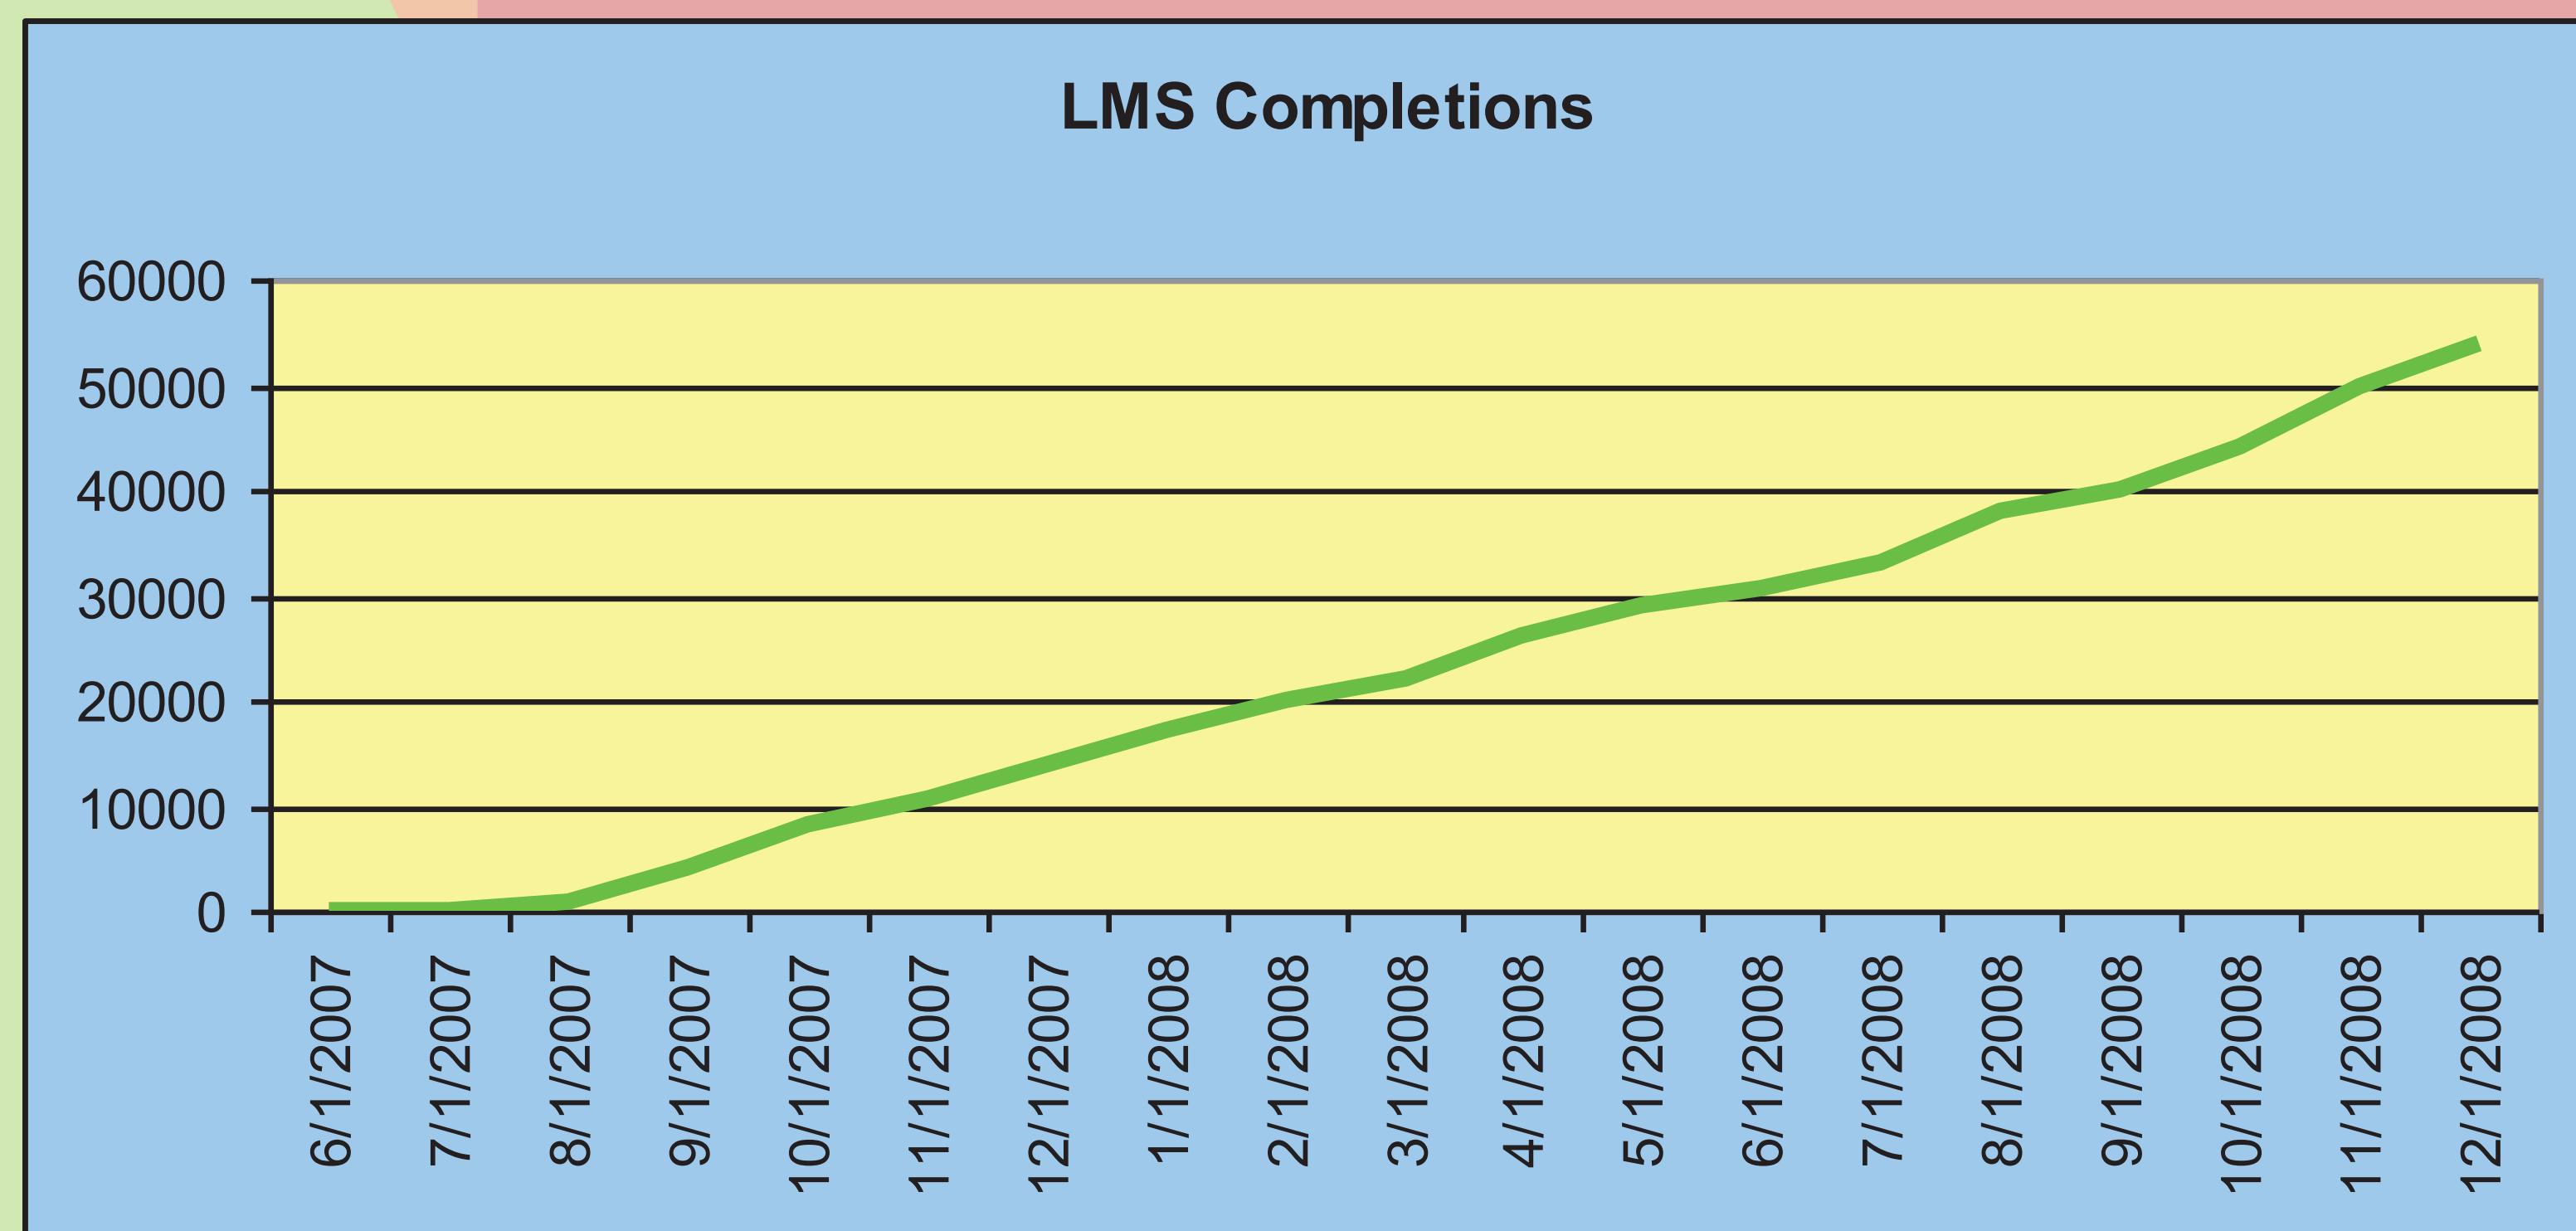

Per the diagram above, most LMS courses are taken between the hours of 9AM and 2PM, however, the LMS is accessible 24/7. This enables shift workers to complete required training courses, around the clock.

LMS Completions Course: AWOC Winter by Day of Week

LMS Completions

The NWS workforce, of 4,700 employees has completed a total of 56,400 LMS training courses in 18 months.
