

MANUSCRIPT INSTRUCTIONS

SEVENTH CONFERENCE ON POLAR METEOROLOGY AND OCEANOGRAPHY AND JOINT SYMPOSIUM ON HIGH LATITUDE CLIMATE VARIATIONS

12–16 May 2003

Sheraton Hyannis Resort

Hyannis, MA

A preprint CD-ROM for the **Seventh Conference on Polar Meteorology and Oceanography and Joint Symposium on High Latitude Climate Variations** will be produced and distributed in **Hyannis, Massachusetts, 12–16 May 2003**. We encourage all presenters to submit a manuscript since time for presentations is limited. The preprint CD-ROM provides an excellent opportunity to include more detailed information, color figures, figures, and graphs that may require more time for study than is available at the meeting.

Authors are required to submit their preprint paper online as a PDF file. When submitting your pdf file, you will have the option to update the title and authors you originally submitted on the short abstract. Your full paper will be available on the AMS Web site containing the meeting program in addition to the short abstract that is currently available. Further, you are given the option of including a URL to an external Web site so that supplemental materials, such as a more complete manuscript, color figures, animations, etc., can be linked to the preprint paper.

The following pages contain instructions to help you prepare your manuscript, which should be no more than **3MB in size**. The **deadline** for receipt of your manuscript pdf file on line is **28 February 2003**. It is very important that you adhere to our deadlines. If you cannot submit your manuscript pdf by this date, please contact the Meetings Department immediately via e-mail: jrosen@ametsoc.org or by telephone (617) 227-2426, ext 228. The success of the Preprint-CD is dependent upon your cooperation in preparing and uploading your manuscript pdf file in a timely fashion.

An electronic Page Charge Form is provided when you submit your pdf file, our on-line payment screen is a secure server. If paying by purchase order, please note your PO number online or that a purchase order will follow. A hard copy of your purchase order must be sent by mail, please attach this to a copy of the Preprint-CD Charge Form.

The general and hotel information, and registration form will also be available at this site. Thank you for your participation in this conference. We look forward to seeing you in Hyannis!

**MANUSCRIPT DEADLINE DATE:
28 February 2003**

Tips for Formatting your Manuscript for the AMS Preprint-CD

1a. WHAT IS YOUR PAPER NUMBER — AMS will inform you when the preliminary program is posted on the AMS home page. At that time, please search your name in the program to find your paper number (which is different from the log number you received when submitting your abstract via the Web).

Example: 7.2

7= Session number

2= paper number

7.2 = YOUR PAPER NUMBER

? If you are presenting a poster a "P" will precede your paper number (P7.2)

? If you are presenting in a joint session a "J" will precede your number (J7.2).

1b. PLACEMENT OF PAPER NUMBER

? Type your **BOLDFACE** paper number at 1"/1" margin in the UPPER LEFTHAND CORNER of the first page of your manuscript

2. BASIC FORMATTING TIPS:

? MARGINS: 1" all around (8/12 x 11); 1 3/4" bottom (A4 paper)

? COLUMNS: 2 columns with 1/4" space in between

? TEXT: Helvetica or Arial, 9 point (or similar font to this page)

3. TITLE

? Type at 1" top margin in center of first page, all CAPS

Please Refer To The Following Instructions
For More Detailed Information

INSTRUCTIONS FOR FORMATTING YOUR MANUSCRIPT

10.2

DOPPLER RADAR VELOCITIES

Andrew A. Andrews *
University of Missouri, Columbia, Missouri

1. INTRODUCTION

To assist you in preparing your manuscript for publication in the Preprint CD-ROM, please adhere to the following instructions.

2. MANUSCRIPT DEADLINE & SUBMISSION

Manuscripts must be posted via the internet by **28 FEBRUARY 2003**.

2.1 Preprint-CD Submission Charges

Your file should be no larger than **3MB in size**.

The Preprint-CD charge is \$130.

3. PAGE LAYOUT & TEXT FONT

Manuscripts must be formatted with 1" margins on all sides. Please use 9 or 10 point Helvetica, Arial, or similar font for the text.

Place the text in newspaper style columns with a ¼" space between columns. If necessary, figures, photos, or charts may span the two columns adhering to the 1" outside margins.

4. MANUSCRIPT FORMATTING

The International System of Units (SI units) used in all AMS journals should be used in AMS conference preprint volumes.

4.1 Paper Number

If you are presenting a poster, a "P" will precede your paper number and if you are presenting in a joint session a "J" will precede your paper number (the "P" and the "J" are a part of your paper number, please be sure they appear on your manuscript). Your **boldfaced** paper number should be typed at the 1"/1" margin in the upper lefthand corner of your manuscript (as shown on this page, i.e. **10.2**). Please also be sure to include your paper number on the page charge form.

4.2 Titles, Headings & Footnotes

The title of the paper should be centered and typed in CAPITAL LETTERS on the first line of the first page of your manuscript. Type the name of all author(s) in initial caps and center on the page two lines below the title. Type authors' business or school affiliation, city, and state and center on the line below the name in initial caps.

Major headings are Arabic-numbered and in CAPITAL LETTERS (as shown in these instructions).

Footnotes should be indicated in the text with an asterisk (*).

4.3 Author's Corresponding Address

Please type, within the 1" margin, the corresponding author's address in the lower left corner of your first page (see lower left corner of this page).

4.4 References

List all bibliographical references at the end of the paper in alphabetical order by first author. When referring to them in the text, type the corresponding author surname followed by the year of publication; e.g., Smith (1984). Use referencing style from any one of the AMS journals (see sample below).

Battan, L. J., 1971: Radar attenuation by wet ice spheres. *J. Appl. Meteor.*, **10**, 247-252.

4.5 Equation Numbers

Enclose these Arabic (and sequential) numbers in parentheses and place flush with right-hand margin of column.

5. ILLUSTRATIONS AND TABLES

Presentations at the conference do not usually allow enough time for in-depth explanation, therefore, it is important to include your most complex graphs, diagrams, illustrations, or tables in your manuscript.

Figures and tables should be reduced so that they may be incorporated into the text along with the appropriate pages, with full captions typed below the figure.

A table or figure that cannot be placed in the same orientation as the text should be rotated 90° counter-clockwise so that the figure and caption may be read by rotating the published proceedings 90° clockwise.

Company logos and identification numbers are not permitted on your illustrations.

6. UPLOADING YOUR PDF MANUSCRIPT

Authors are required to submit their preprint paper on-line as a PDF file. You may do this by going to our homepage (www.ametsoc.org/AMS) and selecting the "Author Resources Center (ARC)" [which is in blue]. From there click on "Presenting at AMS Meetings". Finally, click on "Extended Abstract/Manuscript Submissions On-line". You will be asked to insert your abstract id number and password, which you have already received when submitting your initial abstract on-line.

When you choose this option, your full paper will be available on the AMS Web site containing the meeting program in addition to the short abstract that is currently available. Further, you are given the option of including a URL to an external Web site so that supplemental materials, such as a more complete manuscript, color figures, animations, etc., can be linked to the preprint paper.

If you have any questions, please contact the AMS Meetings Department, e-mail: jrosen@ametsoc.org or telephone (617) 227-2426, ext 228.
